

Year 2 Spring Term: Victorian Life

English

This term we will use these texts to support our learning. We will develop our comprehension skills and write using a range of genres.

Maths

As mathematicians we will learn multiplication and division. We will use and extend our knowledge of 2,5 and 10 times tables. In outer numeracy we will learn about 2d and 3d shapes and their properties.

Science

As scientists we will continue our learning about animals including humans and how they grow and survive.

We will also learn about the uses and suitability of every day materials and how they are changed by bending, stretching, squashing and twisting.

Geography

As a geographer we will learn about how our local area has changed since the Victorian times. We will create a simple map and talk about the features we like and dislike.

History

As a historian we will learn about life of rich and poor children in Victorian times. We will learn about Queen Victoria and how she changed Britain. We will also learn about the history of transport.

Art

As artists we will appreciate the portrait work of Edgar Degas and Picasso. We will create portraits of Queen Victoria using influenced by the artists.

D&T

As design technologists we will make a wheeled vehicle. We will investigate axles in wheeled toys before designing, making and evaluating our work.

Computing

In computing we will use skills and knowledge to create and debug algorithms to instruct programmable toys.

RE

The RE theme is believing. We will consider the importance of belief in different religions.

Music

As musicians we will listen to the sounds of different instruments, talk about how they sound and learn about the tempo of music.

RSHE

Jigsaw themes are: Dreams and Goals and Healthy Me

PE

As sports people we will learn and practice skills needed for gymnastics and dance.
