

Year 2 Summer Term: What a Wonderful World!

English

This term we will use these texts to support our learning. We will develop our comprehension skills and write using a range of genres.

Maths

As mathematicians, we will fractions of shapes and numbers. We will investigate measure including length, weight and capacity. We will extend our learning on place value, addition and subtraction.

Science

As scientists, we will learn about materials and their suitability for different purposes.
We will also learn about animals and habitats in the world around us.

Geography

As geographers, we will learn about the local area and draw a simple map with symbols. We will also learn about the continents of the world and focus on Africa and the country of Sierra Leone..

History

As historians, we will learn about historical Christopher Columbus and Neil Armstrong and how they explored the world and beyond.

Art

As artists, we will appreciate the work of Henri Rousseau and be inspired to create a landscape.
We will also develop a print block to create Kente material for our DT project.

D&T

As design technologists, we will join materials together to create a floor covering.

Computing

In computing, we will use an internet search to find pictures and then edit them.

RE

The RE theme is 'question, questions, questions'. We will consider key questions about the world we live in.

Music

As musicians, we will compose our own version of a well-known song and perform it.

RSHE

Jigsaw themes are:
Relationships
and
Changing Me.

PE

As sports people, we will learn and practice skills needed for dance and athletics.
