

# Year 1 Summer Term

## English

This term we will use these texts to support our learning. We will be developing our knowledge on suffixes, prefixes, plurals and writing for different purposes.

## Maths

As mathematicians we will learn about numbers to 100 and develop our skills of addition and subtraction. We will also be learning about weight, capacity, measure and shape.

## Science

As scientists we will learn about the life cycle of plants.

We will be planting our own plants and learning how to keep them alive.

## Geography

As a geographer we will develop our knowledge about the four countries of the United Kingdom and how weather is different around the world.

## History

As a historian we will learn about Grace Darling and looking at holidays in the past.

## Art

As artists we will appreciate the work of Andy Goldsworthy before creating our own nature inspired artwork and still life drawings.

## D&T

As design technologists we will investigate, design, make and review a fruit salad and learn about eating healthily.

## Computing

In computing we will use skills we will be learning about how to stay safe online and how to retrieve information from the internet.

## RE

The RE theme is special places of worship and communities.

## Music

As musicians we will be having fun with improvisation.

## RSHE

The Jigsaw theme is: Changes.

Changes

## PE

As sports people we will learn and practice athletics including running, jumping and racing.
