

Year 5 Spring Term

English

This term we will use these texts to support our learning. We will develop our comprehension skills and write using a range of genres.

Maths

As mathematicians we will develop our understanding of fractions, percentages and decimals. We will use these skills to demonstrate our deep understanding through a range of problem solving and reasoning activities.

Science

As scientists we will learn about: Animals including Humans and Living things and their Habitats.

We will compare life processes and life cycles of animals in different habitats.

Geography

As a geographer we will study North and South America with a focus on Brazil. We will understand and compare the different biomes and climates in these areas.

History

As a historian we will learn about our local history in Hull. We will study the impact William Wilberforce had on the world.

Art

As artists we will be inspired by Henri Rousseau to create our own landscape piece.

D&T

As design technologists we will Make a dish that combines seasonal and locally sourced ingredients.

Computing

In computing, we will be exploring the concept of selecting and programming, using a Crumble programming kit.

RE

The RE theme this term is 'Faith in action'. We will study faith founders in different religions and their impact on belief.

Key Question: What are the challenges?

Music

As musicians we will listen to how music is composed by Leonard Bernstein. We will be creating a piece inspired by 'Mambo'.

RSHE

Jigsaw themes this term are: Dreams and Goals and Healthy Me.

PE

As sports people we will learn how to strike and field in the context of a competitive game.
