

Year 6 Summer Term Enrichment Activities: day trip to London, two-night Raywell residential and author visit

English

This term we will use the text 'Kensuke's Kingdom' and the animation 'Alma' to support our learning. We will write using a range of genres to consolidate our understanding of all punctuation taught across KS2. We will continue to develop our comprehension skills using the text to support our understanding.

Maths

Supported by the White Rose Scheme of work, the focus of our learning will be statistics, geometry and measurement. We will consolidate our understanding of number and use this to work through algebraic calculations. As mathematicians, we will continue to develop our fluency when calculating using the four operations.

Science

As scientists, we will learn about: Living things and their habitats; and Evolution and Inheritance.

We will conduct an investigation into how fungi (mould) grows on bread.

We will learn about the scientist Carl Linnaeus, and how he developed the classification system of living things.

Geography

As geographers, we will locate the position and understand the significance of longitude, latitude, time zones. We will interpret maps and aerial photographs to develop our understanding of the world.

History

As historians we will continue to learn about the Viking era and how Britain became a unified country at this time.

Art

As artists, we will use sculpture to convey a message using artists such as Elisabeth Frink and Wilfried Wood.

We will also explore printing using Andy Warhol's art as inspiration to use overprint as a technique.

D&T

Or D&T focus Food Technology – Bread.

We will adapt a recipe by adding or substituting ingredients whilst cooking on a budget.

Computing

In computing, we will plan, develop and evaluate 3D computer models of physical objects. We will design and code a project that captures inputs from a physical device.

Religion and World Views

The RE theme this term is Hopes and Visions. We will consider the teachings of different faiths the impact these have on faith members using our key question- What is Life About?

Music

As musicians, we will learn body percussion skills to create music in a practical way using Connect It by Anna Meridith.

RSHE

Jigsaw themes this term are: Changing Me and Healthy Me. We will be receiving a talk about 'Growing-Up', and we will discuss relationships.

PE

As sports people we will continue to develop our athletic skills and use these to compete against each other in a range of mini events.
