Year 2 Autumn Term

Visits and visitors- a visit from the fire brigade

English

This term we will use a range of texts to support our learning reading and writing skills. We will develop our comprehension skills and write using a range of purposes.

Maths

As mathematicians we will learn about place value in 2 digit numbers and develop our skills of addition and subtraction. We will also master our problem solving and reasoning skills within these areas.

Science

As scientists we will learn about materials and their properties and suitability for different purposes.

We will also begin our learning about animals, including humans, and how they grow and survive.

Geography

As a geographer we will learn about the continents and oceans of the world by looking at globes, maps and atlas'.

We will focus on the UK and learn about the capital cities.

History

As a historian we will learn about The Great Fire of London. We will look at how it started and how London has been impacted by this event.

Art

As artists we will appreciate the work of Van Gogh and explore tints and tones to recreate his famous work 'The Starry Night'

D&T

As design technologists we will change a sweet recipe to a savoury recipe by testing, designing, baking and evaluating our own buns for the bakers shop.

Computing

In computing we will be learning all about computer systems and networks.

RE and World Views

We will be discussing different religious beliefs and values and how they affect our choices.

Music

As musicians we will be creating a piece of music using simple patterns.

RSHE

Jigsaw themes are:
Being me in my World
and
Celebrating difference.

PE

As sports people we will learn and practice skills needed for ball games and gymnastics.
